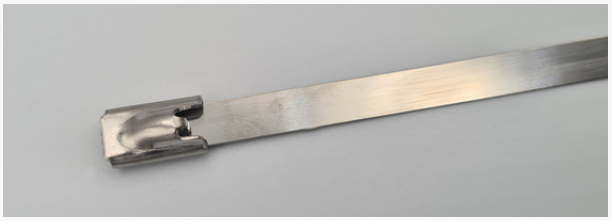
Product name	Stainless cable ties 7,9×200MM - SS.316
Product code	1518617
GTIN	7332811389689
ETIM-Class	EC000046



PRODUCT SPECIFICATIONS

Stainless steel cable tie developed for the most demanding environments.

The cable tie is manufactured from stainless steel SS.316 to ensure the highest possible safety, strength, and flame protection while achieving a high corrosion rating.

The cable tie has a wide range of applications in offshore, mining, the chemical industry, the food industry, and much more.

An important safety feature is their ability to maintain strength during fire incidents. The ties remain firmly in place, preventing loose cables from falling and potentially obstructing critical evacuation routes.

Measurements

Length	300 mm
Height	35 mm
Width	100 mm
Weight	737 g

Technical Specifications - Cable tie

Band width	7,9 mm

Length belt/tape/tie	200 mm
Tie thickness	0,25 mm
Bundle diameter	3 – 50 mm
Min. tensile strength	1 600 mm
Operating temperature	-60 – 530 °C
Mounting temperature	-40 – 40 °C
Model	Endless tape
Band closure	Ball latch
Material	Metal
Material quality	Stainless steel 316 (V4A)
Surface protection	Untreated
Halogen free	Yes
Colour	Stainless steel
Transparent	No
Fluorescent	No
Text strip	None
Releasable closure	No
UL approval	Yes
Inflammability class of insulation material according to UL94	V2
