

Product name	Core Drill Bits Ø110mm, diamond, 105mm depth, incl. Center drill.
Product code	1627252
GTIN	7332811390647
ETIM-Class	EC000704

PRODUCT SPECIFICATIONS

Our extra-deep diamond core bits with 105mm cutting depth enable through-drilling in thick walls without the need to drill from both sides.

Perfect for installing well systems such as Ultima Connect.

- 105 mm cutting depth for through-drilling
- High-quality diamond segments with long service life
- Time-saving – eliminates multi-sided drilling
- Optimal for well systems like Ultima Connect

Suitable for concrete, brick, and masonry. Compatible with standard drilling machines.

Measurements

Length	110 mm
Height	110 mm
Width	105 mm
Weight	2 050 g

Technical Specifications - Core drill bit	
Nominal size	110 mm
With centre drill	Yes
Centre drill diameter	6,3 mm
Holding system	Internal thread
Thread type	Other
Size holding system	5/8 inch
Working depth	105 mm
Coating	Diamond
Suitable for wet operation	Yes
With wax cooling	No
Suitable for dust extraction	Yes
With adaptor for dust extraction	No
